Up Near the Top

Six Central Coast counties of California bulk big in fruit and nut production in the national eye, with a total value of \$21,303,119. Five of the counties—including Santa Clara—are important enough alone to be listed among the leading sixty-five of the nation; and the sixth—San Mateo—has gained national recognition for its output of fresh vegetables. Have we a "place in the sun?" Modestly we'll allow the census bureau to speak for us.

Good Investment

Renewed activity in real estate predicted by the President of the National Association of Real Estate Boards conforms to human experience ever since the dawn of history. Land is the basis of wealth. It is the source of sustenance and the place of habitation. Civilizations may rise and fall, rails may rust and factories crumble but land lasts. Ownership may be taxed away or fertility be affected by erosion or flood. But land is the one permanent form of wealth and he who owns and can hold it has one indispensable commodity. Prices may change, but land inevitably finds its comparative level of value.

Redwood City 30 Years Ago

Mahaar's Minstrels, numbering thirty-five persons, will appear in the Alhambra Theatre next Wednesday night. A big street parade will take place at noon on that day. The house of the Snipe Gun Club on the marsh was broken into last week and several pairs of gum boots, rubber coats, and a quantity of provisions were taken.

The many friends of Harry Brace will be pleased to learn that he has purchased the business of his employer, C. M. Uhlenberg, and will in the future conduct the store where he has been employed for the past three years.

J. A. Folger and wife were in town this week and will soon move from the city to their beautiful country home at Woodside. They were accompanied by Mr. Vech and Mr. Schultz, architect and contractor respectively, who have charge of the remodeling which is being carried on at the Folger home in Woodside.

Miss Eva Cook, one of the most popular young ladies in Redwood City, will be united in marriage about the middle of February to Mr. Ellis Ensor of this city. Mr. Ensor is an employee of the Southern Pacific Railroad in the auditing department.

CWA Workers Find Hibernating Snakes

NORTH TONAWANDA, N. Y. (UP)—Workers on CWA "digging" projects are finding some interesting things, such as skeletons, remnants of old buildings, etc., but to a crew employed on an abandoned slag roadway here go first honors. The crew dug into a hole alongside a drainage ditch, to find it a winter refuge for more than 300 snakes, numerous frogs, toads, mud turtles and weasels. Most of the animals and reptiles were numb from the cold and did not move when the workers intruded upon their privacy.

County Population Figured at 85,860

San Mateo county has had an increase in population estimated at 8,455 persons since the federal census was taken in 1930, according to a study of the population of California counties, recently completed by the California Taxpayers' Association.

In 1930 the county showed a population of 77,405, while in 1933 the association estimates the population to have been 85,860.

Estimating the increase in population of the entire state between 1930 and 1933 at 307,400, with the 1933 population at 5,984,650, the body points out that the time honored method of estimating present population by projecting ahead some past rate of growth is likely to be faulty in the extreme. The association uses elementary school enrollment and average daily school attendance, together with vital statistics of births and deaths, in estimating population.

Local Woman Burned In Gas Explosion

Mrs. LeRoy J. Thein of 350 Oak avenue was painfully but not seriously burned about the hands Tuesday when gas in an oven exploded when she went to light it. Her daughter, Cecilia, had turned on the gas but had failed to light it, and the accumulated gas exploded when a flame was struck.

Boy Cyclist Hurt In Auto Collision

BURLINGAME, Jan. 24.—Tom Elmdorff, 12, of 1412 Castillo avenue, was cut and bruised when the bicycle ran into an automobile driven by R. E. Reinhart, 1337 Vernal avenue, here last night. The impact broke a window in the car, cutting S. W. Hopkins, a passenger. Hopkins is also of 1337 Vernal avenue.

Menlo Park

Mrs. Anna F. Condos, wife of George Condos, proprietor of the Menlo Park Barbecue, passed away in the Palo Alto Hospital Sunday morning after an illness of several months. The late Mrs. Condos was an active member of Menlo Park American Legion Auxiliary No. 443 and held the office of sergeant-at-arms. Special services were held by the members of the auxiliary Monday afternoon in the "Little Chapel of the Flowers," and memorial services were held Tuesday night in Legion Hall.

Private funeral services were held Tuesday afternoon. Besides her husband, the deceased leaves a daughter, Mildred Evelyn Giltzow, a father, August Florine, and two sisters, Mrs. G. B. Reichart and Miss Lorraine Florine.

Mr. and Mrs. Milton Walsh returned from their honeymoon and are established in their new home in Menlo Park.

District Deputy Grand President Isabelle Lindquist installed the officers of Bonita Parlor No. 10 Thursday night in Redwood City.

American Legion Post No. 443 gave a card party in Central School auditorium Wednesday night.

The whole community is saddened by the death of John Francis Merrill, nineteen, son of Mr. and Mrs. Charles Merrill of Glenwood avenue. He passed away at the family home Monday evening after an illness of several months. The deceased, a native of Menlo Park, was a student in the San Mateo High School. He graduated from Sequoia High School in Redwood City where he was senior class president last year. To satisfy a hobby, he joined the Menlo Park Fire Department and was the youngest member on the force.

Surviving relatives are his parents, Mr. and Mrs. Charles Merrill, a sister, Nancy, and four brothers, Charles H. Jr., Frank, Lewis and Peter. His father is president of Holbrook, Merrill and Stetson Inc. of San Francisco, a member of the Atherton City Council, and for eight years has been a member of the Sequoia Union High School Board of Trustees.

Funeral services were held Wednesday morning at 10:30 a. m. from the chapel of Roller and Haggard in Palo Alto. Interment was in Cypress Lawn Cemetery.

A baby boy was born to Mr. and Mrs. Cluff Downey in San Francisco last Monday. Mother and baby are doing nicely. The Downeys are well known on the peninsula.

Mayor Weeden and Chief Kearney attended a luncheon yesterday in San Francisco that was addressed by one of the members of the board of equalization on the liquor question. This first hand information will aid the officials in regulating the local liquor situation.

Twenty-two painters are at work at the Base Hospital repainting the interior and exterior of several buildings which were not completed last fall. The project will last for about two months. Other improvements are contemplated by the government. It is said that several new structures are to be erected very soon.

The city council Tuesday night took steps to close all business houses in the city from 11 p. m. to 6 a. m. by giving a closing ordinance its first reading. Introduction of this ordinance follows the presentation of a petition by a majority of local liquor dealers for a uniform closing hour, a step which was opposed in an-

other petition. The liquor merchants last night reported to the council that they had been unable to reach any unanimous agreement.

Exceptions will be made in the ordinance for such businesses as telephone, telegraph and express offices and undertaking establishments, but actually there is none of these located in Menlo Park.

The question of permitting dances to run until midnight once a week was raised by the council. Although City Attorney George K. Whitworth declared that he could not imagine any reasonable reason for providing an exception in this case, he said that he would attempt to work out a logical difference. The ordinance was introduced by title only, and the complete regulation will be considered by the council at its next meeting.

The city attorney informed residents present at last night's meeting that the local police have full power to enforce the state liquor control act despite any impressions given by any statement of the state board of equalization.

A contract with the county health office to supply health service to Menlo Park for the balance of the year for \$50 was approved by the council. It heard a statement from Dr. Harold Morrison, county health officer, who stated that at least double that amount would be given in service to the city.

An amount not to exceed \$50 was voted to purchase powder for blasting at a quarry to supply rock for the CWA project under way on the San Francisco creek.

Consideration of a petition signed by 12 Live Oak avenue residents granting the Blue Moon dance hall permission to hold mid-week dances was postponed to the next council meeting when it was stated by Councilman Crane that some of the signers had informed him they wished to withdraw their signatures.

The council adjourned out of respect to the memory of John Merrill, son of Mr. and Mrs. Charles H. Merrill, who died on Monday.

Heart Attack Kills Palo Alto Attorney

PALO ALTO, Jan. 24.—Frederick Schneider, 37, for many years a resident of Palo Alto and a well-known attorney, died suddenly in the American Trust Company building this morning about 9 o'clock. Death was attributed to heart failure. His passing was unexpected, since he was thought to be in good physical condition.

Funeral arrangements are being held up pending the arrival of his son, Fritz Schneider, from Boston. Besides his son, the deceased is survived by his widow, Mrs. Olive N. Schneider, a sister, Mrs. Florence Angwin, and a niece, Margaret Angwin, both of Berkeley.

The late Mr. Schneider was born in Watsonville on December 23, 1877. He was educated at Monterey public schools and at Stanford, from which university he graduated in 1905 with the LL.B. degree.

In 1904-05 he interrupted his schooling here to accept the position of assistant registrar at the Kamoharua Schools in Honolulu. From 1902-04 he served as judge of the local recorder's court.

Upon completion of his formal education, Mr. Schneider entered law practice in Palo Alto with the late S. W. Charles, and since the latter's demise Mr. Schneider had continued in that endeavor, specializing in civil and probate law. His offices are in the American Trust Company building.

Mr. Schneider was a member of Phi Delta Phi and Order of the Coif, legal fraternities, and of various bar associations.

The family home is at 525 Crescent drive.

Bayshore Traffic Police Tag Thirty

The campaign against speeding and reckless driving on the Bayshore highway is apparently bearing fruit. Captain Paul Porrasima of the State Highway Patrol reported today.

While 125 to 175 have been arrested on several recent week-ends, only 30 were taken into custody or cited late Saturday and early Sunday.

David Clifford Crumney, 1855 Park avenue, San Jose, was apprehended after a five-mile chase. Carl Daily, 671 Lomridge road, Oakland, was cited for going 70 miles an hour, and David E. Harlan, Presidio soldier, for reckless driving.

William Phillips, San Francisco, was arrested for driving while intoxicated.

Mrs. Ruby R. Prior In Divorce Appeal

Mrs. Ruby R. Prior, publisher of the Belmont Courier and San Carlos Bulletin, today filed suit for divorce here against her husband, Charles H. Prior, well-known newspaperman.

The plaintiff charges mental cruelty. The Priors were married in San Francisco, March 14, 1924, and separated January 1, 1933. They have no children. Property interests have been settled out of court.

Kirkbride, Wilson & Brooks represent the plaintiff.

Local Visitor to Russia Tells of Her Impressions

By ELBERT G. THOMAS

"To catch up with, and eventually surpass, the capitalistic countries of the world" is a motto that is inspiring Soviet Russia to carry out in the workaday lives of its people the industrial philosophy and ambitions of Stalin, in the belief of Miss Agnes Paterson of Emerald Lake, who has just returned from a visit to that fascinating nation of collective ideas and unified efforts.

Or rather, Stalin is at present the moving spirit in a highly cooperative state that is endeavoring to prove the principle of a working nation governed by workers.

Happily, hopefully, every shoulder bends to the wheel with intense application to the task of placing the Soviet republic to the test of eminence which the Russians believe will be attained with the achievement of the industrial revolution now in the second year of its second five-year plan.

Miss Paterson, a personable young woman who no longer ago was a student at the University of California, speaks not with the air of authority but with the manner of an observer who has had an opportunity to view at first hand and from the inside the workings of a communistic theories.

"There is an attitude of extreme practicality on the part of Soviet leaders and of faith on the part of the people who are to a man carrying out this program, according to Miss Paterson. This is shown, she says, in the present-day educational system in Russia, and in the seriousness with which youth lends itself to the common goal.

Trade Schools Predominate

The 12-year educational system of grade schools and high school in such an industrial state as Russia has been cut to 10 years. Trade schools are predominant in Russia and one studies with the primary idea of preparing himself for a certain place in the Soviet scheme of things. The student goes to school for a period and then goes to work, to put into actual practice the things he has learned.

Many Americans have the idea that under the Soviet industrial government all workers are paid the same—that Stalin and the most humble factory worker receive the same amount of rubles in their envelopes every week—but such is not the case, Miss Paterson will tell you. Each worker is paid on the basis of the amount and quality of the work he accomplishes.

What form of government prevails in such an industrial state as this? one asks. According to Miss Paterson each industry and each province is represented by delegates to a proletarian council which has the power to name or to remove the government leader. This power was exercised, for example, in the banishment of Trotsky.

The Soviet state fully dominates every field of endeavor but has established its philosophy so thoroughly that there is complete incentive for individual effort. In Moscow and Leningrad, for instance, all places of business are communal houses modernly equipped and comfortably arranged. All places of business are large state-owned stores—there are no small shops privately owned.

SAN CARLOS, Jan. 24.—Before a group of 50 members and friends of the Community Club, Phillip R. Thompson, engineer and authority on rapid transportation, last night spoke on the rapid transportation project now under way in San Mateo county. The speaker explained how the growth of the peninsula would be materially affected by better and faster transportation.

Elmore Hinman, clerk of San Mateo county, presented a resolution recommending that the club go on record favoring the rapid transportation movement. After a short talk by Hinman the resolution was turned over to the executive board of the club and taken under advisement until its February meeting. Joseph Brodie, attorney of San Francisco, presided at the meeting and introduced the speakers.

Controller Returns To County Offices

After several weeks of severe illness, County Controller Edward Stack returned to his duties at the courthouse today for a brief period. He has not fully recovered from his illness. His home is in Burlingame.

United States before the announcement of recognition of the Soviet government by Washington, she did not have an opportunity to study the Russians' reaction to this important international development. However, she was impressed by the general admiration of the Russian people for the United States, and of their ambition to equal and someday excel the standard of living enjoyed in this country. At present they are without the amenities of the luxuries of life, so common in the United States, but they live in the humble hope and assurance that at some future time these things will be theirs.

After a court battle had broken the other one, a new will was found today in the estate of John L. Nelson, of Burlingame, disposing of a \$10,000 estate.

The former will left all of the estate to Mrs. Myrtle L. Snyder, of Burlingame, against whom a contest was filed by Charles Nelson, brother of the Burlingame man. The will was broken by a jury. In the new will, Mrs. Snyder is left \$1000. Charles Nelson is left one-third of the residue.

Hinman Secures Santa Clara Aid On Transit Plan

Support of the Santa Clara County Board of Supervisors to the plan to speed railroad service on the San Francisco peninsula was secured today by County Clerk Elmore B. Hinman, chairman of the transit committee, in a personal appeal to the board.

Similar support had been voted by the San Mateo county board and Hinman will next direct his

efforts at securing San Francisco approval.

What is being asked is that the federal and state government appoint a commission to study the needs of the peninsula for more rapid transit service.

Natural Gas

Naturally THE BETTER FUEL

WHY ENVY some of your neighbors who have been enjoying the use of the carefree heating appliances that burn Natural Gas, the naturally better fuel?

You can do the same as these neighbors have done. It is probably some small prejudice that is holding you back. Thousands of people have hesitated about installing Natural Gas Heating just as you are now doing. Today, these people have but one regret, that they hesitated and delayed so long.

Hasn't this better method of heating really been one of your plans to do something really worth while toward improving your home? Then one of the many highly efficient gas heating appliances will exactly fit the demands of your pocketbook, while operating costs will be right in line with your house-operating budget.

You need but little cash to have this done. First payments are extremely low with the balance payable on easy monthly terms. Why delay any longer?

Circulating Heater

Stanford Rooters May Drop Famous Grid Card Stunts

STANFORD UNIVERSITY, Jan. 23.—If the famous rooters' card stunts that have marked Stanford's big football games for years past continue, who is going to pay for them?

That was the question put squarely up to the university's board of athletic control, which has jurisdiction over all phases of athletic contests, last night by the student rally committee. Members of the committee expressed the belief that since the card stunts are an integral part of the whole football show and the board of athletic control gains all the football profits, it should bear the expense of the stunts.

The hint was strongly given that unless that organization assumed the cost the stunts would go into the limbo along with numerous other Stanford traditions in recent years. A sub-committee of the rally committee plans to confer with the board of athletic control about the problem.

MARJORIE RUNYON HAS PART IN PLAY
"Seven Come Eleven," a delightful three-act comedy of the colonial south, will be presented Friday and Saturday nights, January 26-27, at 7:30 p. m., in the new civic theatre in Palo Alto by the Community Children's Theatre group, under the direction of Hazel Glaister Robertson.

The leading role of "Willie," a mischievous little colored boy, will be played by Calvert Rothenberg, son of Dr. and Mrs. Louis Rothenberg, of Atherton. Willie goes through many trials and tribulations in trying to win the esteem and admiration of little Rosetta, a colored girl who is the apple of his eye, played by Diane Reiterman of Palo Alto. Others in the cast are: Col. John Godfrey, owner of Vineberg, Walter Newcomb; Diane, his lovely daughter; Marjorie Runyon of Redwood City; Gary Wilbur, childhood friend of Diane, Robert Hind; Col. Melvin Holden, Fred Manwaring; and Jack, his son, Jim Needham of Menlo Park.

Walter Newcomb has designed the setting, which represents an old plantation home in the South. Robert Charles Metcalf of San Francisco, formerly of Redwood City, will do the lighting; the costumes have been designed and made under the direction of Miss Eleanor Shanley; and Mrs. James A. Quinby will have charge of make-up.

Bandit's Hearing On Parole Is Set By Prison Board

Floyd Hall, notorious bandit convicted with Joe Tanko in San Mateo county 10 years ago of the murder of Police Chief Arthur Meehan of San Bruno, will appear before the state board of prison terms and paroles at Folsom Prison February 3 for a hearing on his application for parole.

Recommendation that the parole be granted has been refused by Superior Judge Franklin Swart, who prosecuted the pair as district attorney, because of the enormity of the crime.

Following the bandit's sentence to life, they escaped from San Quentin Prison and entered upon a reign of terror in the Sacramento valley region. Hall was recaptured, but Tanko was killed in a gun battle with San Francisco officers. Hall has since made three unsuccessful attempts to escape.
